BEST AVAILABLE COPY

A TRENDY PRODUCT. ALL YEAR ROUND.

This new 2001 catalogue illustrates the results of breeding at its highest level. CBA starts the new season with introductions from investments made over the past few years. The cut flower market is on the move and is looking for new flower types, colours and improvements on various levels. CBA has met the demand for new forms in the spraymum market by varieties such as the Redock family, Atlas and Titan. In the strongly growing santini segment we have Beach, Bistro and Baron - real successes which have already secured a valuable place in the market. The newest disbuds Resomee, Resolute and Reflex give a real contribution to the current assortment thereby completing the series. CBA's assortment broadened considerably with the introduction of the new pot chrysanthemum varieties Tifata, Floydd and Marvine, which meet the market's demand for assortment.

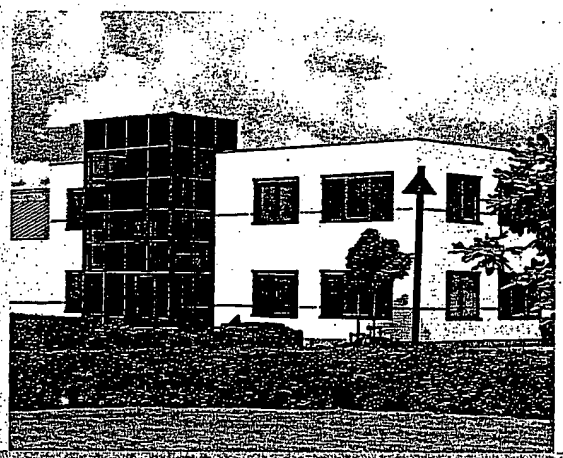

Besides breeding CBA pays attention to the various marketing opportunities of chrysanthemum to the fullest extent. The illustrations in this catalogue show the chrysanthemum in all their forms. The fact that chrysanthemums can be used in all seasons as well as used in several arrangements, is an inspiration to use the chrysanthemum and avail of both current and future market trends.

This art of breeding in combination with the partnership of leading propagators gives confidence for a high quality final product. In this regard, such firms as Van Zanten Chrysanthemum and Sunfield Holland b.v. have proven to be of high importance for several years for the exploitation of the CBA varieties. All together we are able to offer you outstanding varieties covering the entire chrysanthemum spectrum; spray chrysanthemum, santini, disbud, pot chrysanthemum, multiflora and uniflora.

The information in this catalogue is based on growing conditions in North-West Europe except for the Reagan Mundo varieties, which refer to South European conditions. Of course, we can help you to make the right variety combinations suited for your circumstances. For up-to-date information about our range you can surf on the internet: ***www.cba-nv.nl*** but if you prefer personal advice on cultivation and/or availability (in vivo or in vitro), our experts will be pleased to help.

We wish you every success with our top quality varieties.

M. *Leune*
Managing Director CBA *n.v.*
